

DTA01-B | Tube Fitting

This is a heavy duty steel fitting designed to fit to the end of 48 to 51mm tube. This enables attachment to Unistrut, ceiling plates, half couplers etc. or as a bottom member to a frame. It has an M12 threaded hole. An M12 screw can be fitted to provide either male or female attachment.

Attachment requires cross drilling of tube to accept the high tensile M10 cap head screw.

- Fits 48mm to 51mm tube
- M12 Mounting Screw

Compatible with manufacturer/model:

Materials of construction: Powder coated mild steel

Max weight (kg): 40.00

Manufacturing address:
